From the Desk of the President

It is with a heavy heart that I deliver the news to you that former MFT president, Paul Devlin died on February 8, 2006. Paul was president of the MFT from 1980-1993. I feel privileged to have known him and to have worked with him. He will be sorely missed by me and the many other people who had the honor of working with him.

Paul had a great passion for the union and its members. He was a brilliant man who held many elected and appointed positions in the union. His most recent position was special assistant to the AFT secretary/treasurer. AFT President Edward McElroy wrote, "*The professional void Paul leaves is immense. The loss to his loving family and countless friends is far greater*"

Last Term for Kathy Kelley

Kathy Kelley will not be running for re-election this April.

Ms. Kelley informed all local leaders stating, "After thirteen plus years as President of the MFT, I feel it is past time to have someone new with fresh ideas to assume leadership of our organization. It has been my privilege to serve as your President. I have been honored to represent teachers, professors, paraprofessionals, support personnel, and librarians, for you are the true unsung heroes in this society.

I wish all of the members of the MFT many years of continued success and thank all of you for the work you do on behalf of the children of the Commonwealth."

Kathy Kelley has visited North Attleboro on several occasions. She was our MFT representative early in her career. Kathy is so well respected.

The election of new MFT Officers and the Executive Board will be held at the MFT convention on Saturday, April 29th in Hyannis . Our local will be participating in this important convention. Delegates to the convention include Jane Sherman, Anne Oberti, Carol Hichborn, Karen LeBeau, Patty Coogan, Vinny Baldassarro and me. .

A Message from AFT

As you know, flaws in the No Child Left Behind (NCLB) law have led to major problems in many of our schools. To correct these problems and make the law work for our schools and students, the AFT launched its "**NCLB: Let's Get It Right**" campaign to inform policy makers and the public about the changes that need to be made in advance of the 2007 reauthorization.

Please go to the following website for a short, humorous animation that explores some of what doesn't work with NCLB. At the conclusion of the animation, you will be asked to help.

Daffodil Days

One of the first flowers of spring, the daffodil is a symbol of hope. To the American Cancer Society, the flower represents the hope of a world free from cancer.

The American Cancer Society's Daffodil Days are a great way to let friends, family, and other special people in your life know you're thinking of them. You can honor someone special, brighten the day of someone touched by the disease, and help make the American Cancer Society's mission possible—all at the same time! (excerpt from cancer.org)

Building Representatives will be collecting donations until March 3, 2006. A bouquet of 10 daffodils is \$7.00. Donations of \$25.00 will receive a Boyd's Bear and a bouquet. Members may also purchase a Gift of Hope and have a daffodil bouquet sent to a cancer patient.

Thank you to all building representatives and to Noreen Kiff, NAFT Coordinator of Daffodil Days.

From the Desk of the President

I attended the Massachusetts Federation of Teachers Annual Convention with several NAFT members. Anne Oberti, Karen LeBeau, Jane Sherman, and Vincent Baldasaro joined me for the convention which was held at the Bedford, Renaissance on Friday, April 29, 2005 and Saturday, April 30, 2005.

We were able to proudly cheer for John Avila, son of Maureen Avila, and David Siewers, son of Nancy Siewers, as they won Albert Shanker Scholarships. The MFT awards five (5) - \$1,000 scholarships. It was a glorious moment for the NAFT to have two of the five scholarships go to dependents of local members.

The delegates voted on numerous resolutions that will drive the MFT agenda. Some of the resolutions are:

- Opposition to the privatization of Social Security,
- Support and creation of teacher induction programs,
- Providing MFT associate membership for charter school teachers,

- Opposition to lifting the cap on charter school spending, and
- Professional status and just cause dismissal for school nurses.

Speakers included Antonia Cortese, Vice President of the American Federation of Teachers, and Representative Patricia Haddad, House Chairperson of the Joint Education Committee.

The entire delegation worked on the Credentials Committee, registering delegates on both Friday and Saturday. We also made some new friends, the delegation from Nashoba Valley. It is always great to meet new people and have the perspective from different parts of the state.
